# COOPERAGE VARNISH

Hygienic and food-safe protection for casks  
and large containers

Chamfer protection

## DEPRO® CODALIM VARNISH

Free from pentachlorophenol

Traditional varnish  
style Gloss or matt

## DESCRIPTION

Cooperage varnish designed for protection and decoration of casks and large containers. Protection for chamfer and comb area. Traditional varnish style: high gloss or matt finish.

**Complies with the "Wine Trade Good Hygiene Practice Guide"**

**Complies with European regulation n° 852 of 29 April 2004 relating to hygiene of food stuffs.**

**Analysis Certificate N°LR01963/R07346/0 from POURQUERY Laboratory.**

Testing on materials in contact with foodstuffs. Analysis of total Phthalates.

Report and testing conditions supplied on request.

## USES

Hygienic and food-safe protection for all transportation and handling equipment for water-based, acidic or alcoholic food stuffs.

## ADVANTAGES

- Recommended for the HACCP process.
- Being microporous, it allows the base surface to retain its transfer characteristics.
- Very robust in a humid environment.

## METHOD OF USE

**1/ Preparation of the surface:** the surface must be clean, hygienic and dry, free from any loose material which could be detrimental to the application of the coating.

The surface and its preparation should comply with the DTU 59.1 standard NFP 7420 1 and 2.

Mix well before use.

Application temperature: Min. surface T°: 7°C – max surface T°: 30°C

As a single composite, **DEPRO® CODALIM VARNISH** is easily applied in 1 or 2 coats. Application equipment: Brush, roller, spray gun (diluted by 5%: FOOD-SAFE THINNER)

Drying at 20°C (and at 65% relative humidity): Dust-free: 2 hours. Dry: 4 to 5 hours. Hardened: 24 hours.

Very easy maintenance: clean as soon as marks or other dirt appears.

- **Ferrous metals:** Wash, rinse and apply **DEPRO® CODALIM VARNISH** directly.
- **New and old wood :** Sand down as far as clean wood, remove all dust

## CHARACTERICS

- Yield: 10 to 12 m<sup>2</sup>/ L. Finish: Colourless gloss (> at 65 under 60°) Traditional matt. Density: 0,9 +/- 0,05.
- Packaging: 5 and 25 L containers
- Shelf life: 12 months in unopened original packaging, and kept away from frost.
- Hygiene and safety: Safety data file available for free on request.
