- Bilge Diameter: 27.2" (69 cm) ○
- Weight: 121 lb (55 Kg) ○

○ **Forest selections available**

- Center of France

[OUR RECOMMENDATION]

With its tighter grain selected staves and proprietary toasting regimen (equivalent of medium long double toasting) the Piano barrel enhances the fruit freshness, the minerality and the spontaneity of the wine. The Piano barrel is aimed at shorter aged white wines such as chardonnay or Sauvignon Blanc.
