

Artisan Barrels & Tanks, Inc.
2020 Catalog

French, Hungarian, American Oak Barrels & Casks • Oak, Concrete & Stainless Steel Tanks

Dear Winemakers,

As we commence the 2020 season, which represents the 23rd year for Artisan Barrels & Tanks. We continue to promote some of the top wine industry suppliers in the world, including, Tonnellerie Rousseau, Artisan Barrels Selection, Nomblot (French Concrete Tanks), Lejeune (Premium French Stainless Steel Tanks), and Bellot (Stainless Steel Winemaking Tools and Equipment).

News for 2020

Neil Koch joins the sales team as the Sales and Marketing Manager. Neil brings more than 16 years of experience within the wine industry, and will be consulting with clients in British Columbia, Oregon, Washington, and throughout California. Throughout his career, he has gained a well-rounded sales experience in marketing barrels, tanks, winemaking and most recently in brokering bulk wine. Neil looks forward to meeting with you this Spring.

As of 2020 **Artisan Barrels & Tanks** will no longer be representing **The Oak Cooperage**. We encourage you to take a look at both our **Artisan Barrel Selection** steam bent American and Hungarian Oak barrels as an alternative. Artisan Barrel Selection American Oak are built and toasted in California to our specifications using a blend of Northern Oak (Pennsylvania & Indiana), ideally suited for winemaking.

Tonnellerie Rousseau renews their dedication to limited productions forest specific "Hexagone Project" of barrels. In 2020 Rousseau has sourced fine grain wood from the "Montagne de Reims". More specifically the wood comes from the Forest of "Chene a la Vierge", which is located on a plateau overlooking the hillsides of Champagne. The national forest of "Chêne à la Vierge" extends over 5,055 acres between Reims and Epernay and is mainly made up of sessile oaks and pedunculate oaks. The Hexagone "Montagne de Reims" barrel will bring freshness, purity and minerality to your wines. With its discreet, fresh and elegant profile, these barrels are perfect for ageing both whites and reds.

Lejeune Fermentation and maturation tanks continue to be in strong demand worldwide. We recommend 12 to 16-month lead time on orders. Lejeune is currently working on a number of advances and new product designs for the US market. Stay Tuned!

Nomblot Concrete Tanks, continues to lead the industry in innovation and efficiency in all-natural concrete fermentation and maturation vessels. Recently, Nomblot was granted FDA approval for its concrete composition. Every year their list of customers from around the world gets lengthier and more esteemed. We expect Nomblot will have another robust year of sales.

The Team: We also welcome **Solene Loutter** as our new sales development representative for the Bay Area, Napa, Sonoma & Livermore. She obtained a Wine & Spirit Marketing Bachelor of Arts from the Wine institute in Bordeaux, and will be working closely with Jerome and Neil during the 2020 sales campaign.

The remainder of the team stays unchanged. **Jerome Aubin** continues to lead the team, and will be once again visiting clients throughout California and Oregon during the sales season. **Tina Milliken** will be managing all aspects of the office, and **Nicole Merciarì** will continue to direct logistics throughout North America. Tina and Nicole are available to help with all facets of the business including accounting, barrel sales support, and wine sales.

We look forward to connecting with you in 2020!

Jérôme Aubin

TONNELLERIE ROUSSEAU | FRENCH OAK BARRELS AND PUNCHEONS

As a small and traditional cooperage from Burgundy (yearly production < 12.000 barrels), Rousseau crafts either single forest or blended forests barrels from the Center and East of France - two staves seasoning programs are available: 24 months and 30-36 months air-dried.

3% discount for all Rousseau barrels orders placed by April 1st, 2020 and delivered by June 15th, 2020.

PERSONALIZING YOUR ORDER

3% discount for all Rousseau barrels orders placed by April 1st, 2020 and delivered by June 15th, 2020 • **Tradition** style with chestnut hoops: add **40€** per Burgundy shape only (228 L barrel) • **Toasting heads:** add **15€** for each barrel • **Black Hoops:** add **15€/225-228L** • Your **winery logo** could be laser etched by Rousseau free of charge (digitalized logo needed, 300 dpi min) • **Free silicone bung** for each Rousseau barrel, puncheon or demi-muid • **Toasting levels:** Medium Long (ML), Medium Plus (M+), Heavy (H), Expert Range barrels, Piano, Allegro, Forte, Video/Alto have set proprietary toast levels • **Rousseau barrels are marked** on the croze (edge) and the head and include vintage, toast level and forest selection.

DELIVERY AND PAYMENT TERMS

Prices are quoted DDP Napa or Portland and include ocean freight, insurance, duties and trucking to our Napa or Portland warehouse • **Shipping and handling** from our Napa or Portland warehouse to your winery is extra and could be coordinated by Artisan Barrels • Please schedule "Will Call" appointments ahead of time with Artisan Barrels • C-Line and Double Barrel usually perform our deliveries for California. Terminal Transfer, Peninsula, Berry & Smith and Double Barrel usually handle our Pacific Northwest deliveries. Please advise when choosing another carrier • When full containers consolidation is possible, all orders placed by June 1st 2020 will be shipped to the nearest port of entry/warehouse for Pacific Northwest wineries (OR, WA, BC, ID) and East Coast Wineries (VA, PA, NY, ON). When full containers shipments are impossible or for orders placed after June 1st, 2020, Artisan Barrels will consolidate full trucks loads from California with several coopers' brands to minimize freight cost • **DDP Winery quotes** could be obtained • We encourage wineries to place their orders in the **early spring of 2020** due to the limited production capacity of our cooper • **Call in March 2020** for allocated 3 years, single forest barrels, tanks, casks, (rounds or ovals) • **Currency used in the pricing structure is Euro** • **Payment Terms:** Net 30 Days unless specified otherwise (other terms have to be negotiated directly with Jerome or Neil) • **US Dollars** Payments & Lease financing may be arranged by the winery (Accounts Payable, Owner) **when the order is placed** by the winemaker or buyer (very important) in order for the cooperage to set a US \$ forward contract at that time • **Container Purchase:** please ask us about a personalized quote.

ARTISAN BARRELS SELECTION | FRENCH OAK BARRELS AND PUNCHEONS

The Artisan Barrels Selection *Steam and Fire bent ranges* are made from French oak certified staves by reputable coopers located in the Centre of France and Bordeaux regions. Artisan Barrels & Tanks has chartered carefully selected groups of cooperages and stave mills to source verified French oak staves from Single or Blended Forests (Jupilles, Tronçais, Allier, Vosges) and to build and toast to our specifications fine Bordeaux Style Barrels (225L) and Puncheons (265L, 500L). French forest origin is guaranteed, and staves are traced from sustainably managed forests.

AB SELECTION | HUNGARIAN OAK BARRELS AND PUNCHEONS

Artisan Barrels Selection Hungarian barrels are made in Hungary by our trusted cooper who selects premium quality oak staves from the **Zemplén mountains** forests of Tokaj in the North East of Hungary. All wood is hand split, tight grain and air-dried this year either 24 months or 36 months. Our Hungarian oak clients can choose either our **Classic** intensive toasting regimen (meaty, spicy, and firmer structure) or our extended **Finesse** toast level (round, fruit driven, and subtle tannins). We are also offering **French oak** (Centre-France blend) for hybrid French/Hungarian oak barrels, (65% French / 35% Hungarian) or hybrid Hungarian/ French oak barrels (65% Hungarian/35% French).

ARTISAN BARRELS SELECTION | AMERICAN OAK BARRELS

Artisan Barrels Selection American oak barrels are built and toasted in California to our specifications, using a blend of Northern Oak (Pennsylvania, Indiana) ideally suited for wine ageing and air-dried for 24 or 36 months. A hybrid barrel with French oak heads is also available. For our proprietary line of American oak barrels we've selected a thorough **steam-bending process** in order to accentuate a gentle texture and sophisticated expression of American oak.

DELIVERY TERMS

For wineries ordering 1 or 2 tanks, prices are DDP (Delivery Duties taxes Paid) and include ocean freight and insurance but exclude shipping from our Napa or Windsor warehouse/ crane yard (or the closest unloading point in other regions or states) and installation of the tanks at the winery. For wineries ordering 3 tanks (minimum capacity of 25HL per upright tank) or 4 Eggs/Dolia (minimum capacity of 13HL) fitting in a 20' or 40' container, prices include ocean freight, insurance, duties and container delivery to winery but exclude unloading and installation of the tanks at the winery. Mixed client containers will be arranged with delivery costs shared proportionally. Artisan Barrels will happily provide transportation and installation resources and recommendations.

PAYMENT TERMS

All invoices are due in Euros, 50% deposit when order is placed and 50% balance net 15. When we invoice wineries directly ourselves, Artisan Barrels is responsible for collecting sales tax on the value of Nomblot concrete tanks purchased in California. When Nomblot invoices wineries directly, the buyers are responsible to pay state use tax on the value of their tanks' purchase.

LEJEUNE | FRENCH STAINLESS STEEL TANKS & OPTIONAL FITTINGS

- Payment Options**
- Please make check payable to Artisan Barrels & Tanks, Inc and mail it to **6050 Colton Blvd, Oakland, CA 94611**
 - Or connect to www.paypal.com, create an account with them (if you do not already have one) on their secure website and send money to jerome@artisanbarrels.com
 - **Credit Card Payment** is also available.

- Shipping & Handling Terms**
- Upon receipt of your check, paypal or credit card payment, we will send you a receipt and a **UPS** tracking number if the barrel is already in stock.
 - Or we will send you only a receipt with an expected delivery date if the barrel is back-ordered. As soon as we receive your barrel, we will organize the shipment and send you a UPS tracking number.
 - Will Call pick-ups could also be arranged with a 24 hour notice.

SELECTION OF OAK PROFILES & TOASTING LEVELS BY ARTISAN BARRELS

We select the main barrels types from our coopers for you to better understand the profile, sensory character and wine suitability of each barrel.

OAK ORIGIN & SEASONING

TONNELLERIE ROUSSEAU

	Forest	Marking	Area	Profile	Sensory	Suitability
EXPERT RANGE 24 months air-dried	Piano	PIANO	Centre of France	Proprietary light double toasting creates a restrained oak impact	Authentic fruit character. Enhances fruit freshness, minerality and spontaneity	Aimed at shorter aged whites (Chardonnay, Sauvignon Blanc, Marsanne) and reds (Merlot, Syrah)
	Allegro	ALLEGRO	Centre of France	Proprietary medium double toasting creates soft and sweet richness	Harmonious and moderate sweet oak impact with a hint of toast	Recommended for shorter aged reds (6 to 10 months): Pinot Noir, Syrah, Sangiovese, Grenache
	House Blend	HB	Chatillon, Nevers, Vosges	Rousseau's "signature" barrel with complex, balanced and always integrated oak impact	Texturally round, with brown sugar sweetness while still keeping mid-palate dynamics and spicy rich aromatics	All medium body whites or reds that need enhancement and texture: a truly versatile barrel
EXPERT RANGE minimum 30 months air-dried	Video	VIDEO	Ultra tight grain from Centre of France	Subtle oak impact, deep structure - adds layers without overt oak	Underlines fruit freshness, smooth tannins and sophisticated complexity	Designed for top wines that may see long-term barrel ageing
	ALTO	ALTO	Ultra tight grain from Centre of France	Complex oak impact, deep structure - adds layers without dominating fruit	More pronounced toasting accentuates the richness /complexity of this barrel	Designed for reserve, concentrated wines that will benefit from long-term ageing

OAK ORIGIN & SEASONING

ARTISAN BARRELS SELECTION FRENCH OAK

	Forest	Marking	Area	Sensory	Suitability
Artisan Series Single Forest Very Tight Grain	Tronçais (36 months)	Artisan T36	Tronçais	Complex oak profile: elegance and power	Very appropriate for longer aged Cabernet Sauvignon, Bordeaux blends
	Jupilles (36 months)	Artisan J36	Jupilles	Aromatic and fragrant impact	Ideal for whites and light body reds
Artisan Series Blended Forests Very Tight Grain	Tronçais - Jupilles (36 months)	Artisan TJ36	Tronçais & Jupilles	Slow extracted barrel that shows elegance, complexity and aromatic richness	Bordeaux blends, Cabernet Franc, Merlot, Syrah, Pinot Noir, all wines aged a minimum of 18 months
Finesse Series Blended Forests Tight Grain	Allier-Vosges	Finesse AV	Allier, Vosges	Elegant medium extraction for medium aged wines (12 to 18 months), versatile oak profile	Cabernet Sauvignon, Merlot, Chardonnay

OAK ORIGIN & SEASONING

ARTISAN BARRELS SELECTION HUNGARIAN OAK

	Forest	Marking	Area	Sensory	Suitability
Finesse	Hungarian Oak 36 months	AB SELECTION Finesse	100% Zemplen mountains (North of Tokaj)	Hand split, very fine grain Zemplen forest staves and extended toast provide an elegant and subtly spicy oak impact	For all wines: provides a delicately spiced oak polish that highlights fruit over structure
Classic	Hungarian Oak 36 months	AB SELECTION Classic	100% Zemplen mountains (North of Tokaj)	Meaty, spicy and firmer structure with added sweetness	For reds or heavier whites that can benefit from added texture and intensity

OAK ORIGIN & SEASONING

ARTISAN BARRELS SELECTION AMERICAN OAK

	Forest	Marking	Area	Sensory	Suitability
AMERICAN OAK (Steam bent)	AMERICAN OAK 24-36 months	AB SELECTION	Northern Oak (Pennsylvania, Indiana)	Careful northern oak forests blending and steam bending produce a rich but not aggressive American Oak expression with gentle sweetness and a round mouthfeel.	Designed for reserve-quality wines that warrant the best American oak impact; longer ageing potential without harshness

TOASTING LEVELS

ALL COOPERS

	TYPE	Profile	Sensory	Suitability
STEAM	STEAM BENT	Steam technology enables deeper toasting	Fruit-driven, complex toast, polished tannins	This toasting process is recommended for winemakers who enjoy a rich interplay of fruit and toast, and rounded texture rather than overt power and structure
FIRE	FIRE BENT	Proprietary Bordeaux-style fire toasting offers ample but elegant structure	Sweet, complex, structured tannins	The controlled extraction and intensity of this toast are ideal for lifting and supporting wines, including over long aging
ML 	MEDIUM LONG	"A Stress Free toast"	In-depth extraction. The barrel spends more time over a less intense flame encouraging a deeper and slower penetration	This toast character is particularly suited for winemakers who wish to combine harmonious fruit and texture qualities in their wines. Well suited for white grape varieties such as Chardonnay, Viognier, Pinot Blanc and light reds such as Pinot Noir, Merlot, Syrah
M+ 	MEDIUM PLUS	More assertive aromatic impact, toasted and roasted coffee beans, deeper extraction	Aromatic fruit expression. More expansive and intense regimen. This toasting level is particularly suited when malolactic ferm. is performed in barrels	Aromas are released over a shorter maturation period. Suited for red grape varieties (with strong tannins): Zinfandel, Cabernet Sauvignon. Suited for structurally robust white grape varieties: Chardonnay, sweet wine
H 	HEAVY	Greater intensity and darker aromas (roasted flavors, coffee...) Eliminates excessive whisky-lactones	Full impact of toast that will support a powerful, stylistic oak expression. Roasted coffee beans.	Heavy impact on wine in the first months of extraction. Long ageing (12 months+) on highly structured red wines: Zinfandel, Petite Syrah, Cabernet Sauvignon. Integrates with wine over time.
